PROJECTS

Cat Nanny Express |

<https://github.com/Stephenna/Cat-Nanny-Express> |

<http://cat-nanny-express.surge.sh/>

- An interactive single-player game allowing users to become a pet nanny and achieve the highest score possible.
- Web application utilized Google fonts API for a consistent user experience as well as Dog and Cat APIs which randomly generates images of those animals on the screen.
- All user data is stored in and retrieved from a backend as a service API, firebase.

hitUp | <https://github.com/Stephenna/hitUp.github.io>

- Full stack chat application built with React.js, Material and Node.js

WORK HISTORY
